“Prescott Scuba Park is ideal for practicing your diving skills, with minimal current, things to see, and manageable depths.”

Prescott’s RiverWalk District is home to the Prescott Scuba Park, a beginner-friendly dive area that provides an excellent entry point to learn to dive, refresh your skills, or just to spend an afternoon exploring our underwater treasures in the clear and calm St. Lawrence River.

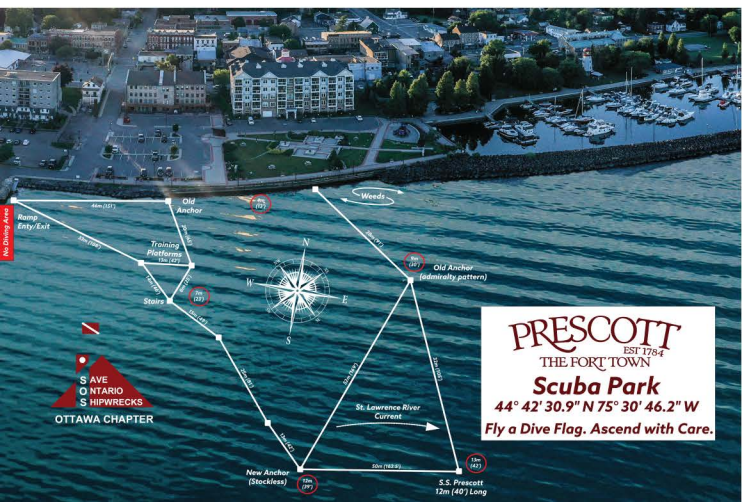

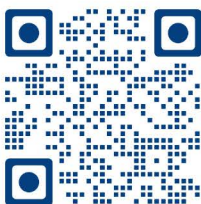

The Prescott Scuba Park includes a ramped entry for easy access, an underwater training area with platforms and stairs, three submerged anchors, as well as the S.S. Prescott, a sunken heritage dinghy.

With largely clear visibility, ample parking, amenities, and nearby restaurants and patios, the Prescott Scuba Park is an excellent location to spend the day!

To help plan your stay, follow @ExplorePrescottON on social media and visit www.exploreprescott.ca.
