1. Introduction

Prescott Pop-Ups is a Town of Prescott initiative designed to support a vibrant waterfront experience that attracts visitors and supports entrepreneurs in the development and growth of their businesses. In the Town's Economic Development Strategy, RiverWalk revival, business supports, and tourism development are key priorities. Prescott's Pop-Ups will support these priorities by stimulating new investment and job creation and elevating the image of our community through an enhanced waterfront and RiverWalk business district.

2. Vendor Categories & Experience

Example pop-up vendors include outdoor/sporting equipment rentals and sales, retail boutiques, artisans, food/beverage, experience/tour providers, activity/event related services, and fitness/wellness to name a few. Preference will be given to vendors featuring unique, locally made and/or sourced products and experiences.
